With well-researched, informative articles by over 500 authors, including most of the top scholars in the field, The Grove Dictionary of American Music will be accessible to scholars, academic specialists, and the general public. Laurence Libin, editor-in-chief of The Grove Dictionary of Musical Instruments (Oxford) He has been a member of the editorial board of the American Recorder Society and of advisory councils of Red Cedar Chamber Music (Cedar Rapids, Iowa), the Medici Archive Project (Florence, Italy), the MusicaRussia Foundation, Early Music America, the New York Flute Club, the Boston Early Music Festival, the Boston Baroque and Classical Band orchestras, the Instituto de Órganos. The Dictionary describes each instrument individually and in the context of instrument families. It charts the history, development, musical function, and inter-cultural links of each instrument as well as its construction, performance practice and technique. The New Grove Dictionary also explores the cultures and societies that have created these instruments and the various non-musical functions of certain instruments. The New Grove Dictionary also explores the cultures and societies that have created these instruments and the various non-musical functions of certain instruments. Welcome to Grove Music Online. The authoritative resource for music research with over 52,000 articles written by nearly 9,000 scholars charting the diverse history, theory and cultures of music around the globe. Based on a work first published in 1879 and updated frequently, Grove has been in continuous publication for over a century and now publishes hundreds of new articles and article revisions each year.
