Bloomington: Published for the Newberry Library [by] Indiana University Press, c1982. viii, 87 p. Z 1209 T4. Waldman, Carl. New England writers and events in the region helped launch and sustain the American Revolution, and the American War of Independence began when fighting erupted between British troops and Massachusetts militia in the Battles of Lexington and Concord. The region later became a stronghold of the conservative Federalist Party. By the 1840s, the region was the center of the American anti-slavery movement, and was the leading force in American literature and higher education. It was at the center of the Industrial Revolution in the United States, with many textile mills and machine shops operating About This Book. Title.
