See Customer Reviews.Â Branch's efforts to convey the efforts of the Civil Rights Movement under Martin Luther King, Jr., covering the watershed years is highly admirable, comprehensive and engaging. To read of this era (i.e., a movement defining an era) is to fully appreciate so many of the individual trials which culminated in some of the better aspects associated with self-empowerment, responsibility and the ultimate enrichment of those who, Read More. 0. Martin Luther King Jr. during the decade preceding his emergence as a national figure. This 1000-page effort, which won the Pulitzer Prize as well as the National Book Critics Circle Award for General Nonfiction, profiles the key players & events that helped shape the American social landscape following WWII but before the civil-rights movement of the 60s reached its climax. Branch then goes a step further, endeavoring to explain how the struggles evolved as they did by probing the influences of the main actors while discussing the manner in which events conspired to create fertile ground
