Afterlife Life after death; the belief that existence continues after physical death. Environmental sustainability Ensuring that the demands placed on natural resources can be met without reducing capacity to allow all people and other species of animals, as well as plant life, to live well, now and in the future. Euthanasia From Greek, eu "good" + thanatos "death". Sometimes referred to as "mercy killing". The act of killing or permitting the death of a person who is suffering from a serious illness. Evolution The process by which different living creatures are believed to have developed from Poison Ivy: Cycle of Life and Death is a six-issue American comic book miniseries written by Amy Chu, with art primarily by Clay Mann. It was published by DC Comics from January to June 2016, and collected in a single trade paperback edition in September 2016. The miniseries is Poison Ivy's first solo comic book series. Chu felt that Poison Ivy had a lot of untapped potential and hoped to give the character more depth. She envisioned the character as someone with a unique moral code, conflicted
