F	0 - 269

UNIVERSITY POLICIES

Academic Dishonesty

All students should be familiar with the university's policy concerning academic dishonesty. This policy can be found on pp. 66 - 68 of the undergraduate catalog http://www.marshall.edu/catalog/undergraduate/ug_10-11_published.pdf, or on pp. 61 – 63 in the 2009 online graduate catalog http://www.marshall.edu/catalog/graduate/S2009/gr_sp09_published.pdf. (Faculty are encouraged to add any additional information specific to their expectations and/or rules regarding academic dishonesty in their class).

Policy for Students with Disabilities

Marshall University is committed to equal opportunity in education for all students, including those with physical, learning and psychological disabilities. University policy states that it is the responsibility of students with disabilities to contact the Office of Disabled Student Services (DSS) in Prichard Hall 117, phone 304 696-2271 to provide documentation of their disability. Following this, the DSS Coordinator will send a letter to each of the student's instructors outlining the academic accommodation he/she will need to ensure equality in classroom experiences, outside assignment, testing and grading. The instructor and student will meet to discuss how the accommodation(s) requested will be provided. For more information, please visit

<http://www.marshall.edu/disabled> or contact Disabled Student Services Office at Prichard Hall 11, phone 304-696-2271.

University Computing Services' Acceptable Use Policy:

All students are responsible for knowing this policy, which can be found on the web at <http://www.marshall.edu/ucs/CS/accptuse.asp>.

Affirmative Action Policy:

This course will follow Marshall University's policy on Affirmative Action, which can be found on

p. 63 of the undergraduate catalog http://www.marshall.edu/catalog/undergraduate/ug_10-11_published.pdf, or on pp. 16-17 of the 2008 graduate catalog http://www.marshall.edu/catalog/graduate/S2009/gr_sp09_published.pdf. Specifically, all students will be afforded equal opportunity without regard to race, color, sex, religion, age, disability, national origin, or sexual orientation.

Course Policies:

Discussion – Each student is required to participate in online chat discussions. Two Topic areas will be posted each week, one per assigned film, and each student must add a meaningful original comment supported by valid arguments plus provide at least one reply to two other class members' comments which must also be supported by valid arguments. The discussion will end each Saturday at 11:59 pm. All discussion topics will be available at the beginning of the semester. Each discussion topic is worth 5 points for a total of 120 points. In order to receive full credit, each discussion comment must contain 5 - 7 sentences, minimally, and must include specific moments from the films. Failure to provide meaningful content in the group discussions will result in 0 points for that discussion.

Quizzes:

Quizzes must be completed by the due date. Failure to meet the deadline will result in 0 points for that quiz. Each quiz will have 20 random questions selected from a test bank that I have created. Questions will come from the assigned readings of the text and the assigned films during the quizzed period. You will be allowed to take each quiz twice provided you do so within the assigned time frame. The highest grade will be recorded. All quizzes will be available at the beginning of the semester.

Final Exam:

There will be one exam, which must be completed by the end of the semester. It will consist of 100 multiple choice questions on both textbook readings and from the assigned films. These questions will also come from the test bank that I have created and therefore could be repeated from previously taken quizzes. You will be allowed to take the final exam twice provided you do so within the assigned time frame. The highest grade will be recorded.

Oral Presentation:

The oral presentation must be 8 – 10 minutes in length and uploaded to the course content via blackboard. The use of a proper organizational pattern is required. The rubric for how to organize the presentation is provided in the course content. The presentation **must** be filmed in front of an audience that consists of at least **five** adults and it must be filmed in a professional

setting. The audience should be filmed prior to the beginning of the speech. The topic of the presentation must include at least three films that are on the viewing list and an analysis of how some technological advancement affected how they were made. You may include films outside of the class viewing list but I need advanced notice and my approval is required. The use of media (Power point or the equivalent) is also a required element of the presentation. All presentation topics and the films being discussed must be approved by 11/21 at 11:59 pm.

In MUOnline:

- Chat tool (electronic office hours or electronic group meeting space)
- Discussion tool (threaded, blog, and journal available)
- Who's Online (list of who is currently working in the course section)

FINAL COMMENTS

In order to be successful in the course, you need to keep up with the course calendar. Do not fall behind. Good luck!

INSTRUCTOR BIOGRAPHY

I joined the faculty of Marshall University in 2010 after completing my M. A. in communication studies at MU. I am the Director of Forensics, the nationally ranked Thundering Word Speech and Debate Team. I teach public speaking courses as well as having designed Performance Theory and the online Development and Appreciation of Film. Before my life as a college professor began, I worked as a professional actor, director and designer in the Mid-Atlantic region including theatres in New York, Pennsylvania, North Carolina and West Virginia.
