Domesday Book is a manuscript record of the "Great Survey" of much of England and parts of Wales completed in 1086 by order of King William the Conqueror. The Anglo-Saxon Chronicle states: Then, at the midwinter [1085], was the king in Gloucester with his council . After this had the king a large meeting, and very deep consultation with his council, about this land; how it was occupied, and by what sort of men. Then sent he his men over all England into each shire; commissioning them to find out Domesday Book might also be consulted in lawsuits about land titles. The older views, however, that it was really intended to be the basis of reassessment of the traditional tax, called the geld, which was too unpopular for the Conqueror's successor to attempt, still has something to be said for it. The Domesday Book contains also information about parish churches and the ecclesiastical economy in general that is useful for the church historian.
