Ecclesiology is a branch of theology that deals with the doctrines pertaining to the Church itself as a community or organic entity, and with the understanding of what the "church" is: its role in salvation, its origin, its relationship to the historical Christ, its discipline, its destiny (see Eschatology) and its leadership. It is, therefore, the study of the Church as a thing in itself, and of the Church's self-understanding of its mission and role. Ecclesiology for a Global Church book.
