There's no description for this book yet. Can you add one? A review of "When Russia Learned to Read: Literacy and Popular Literature, 1861-1917" by Jeffrey Brooks. Copyright: Attribution Non-Commercial (BY-NC). Originally compiled in the later years of the Soviet regime When Russia Learned to Read offers a rare case study of pre-Soviet popular literature at a time when most of the material mentioned was under lock-and-key. In 1985, Brooks was granted unprecedented (and often illegal) access to these poorly managed piles of booklets and early novels in the archives and libraries of Moscow and Leningrad. Of up most importance is the fact that this written from the people's perspective on literature and that the elite and ruling class of the time play on a secondary, responsive role to the key actors of the text.

Jeffrey Brooks, *When Russia Learned to Read: Literacy and Popular Literature, 1861-1917* (Princeton: Princeton University Press, 1985). Between the emancipation of the serfs in 1861 and the Bolshevik Revolution in 1917, the most popular works on the market were detective serials, melodrama, and adventure thrillers. The term "negative identity" comes from Lev Gudkov's collection of essays (1997-2002) *Negativnaia identichnost* (Moscow: Novoeliteraturnoe obozrenie, 2004); especially pp. 282-84. Start by marking "When Russia Learned to Read: Literacy and Popular Literature, 1861-1917" as Want to Read: Want to Read savingâ€¦ Want to Read. Currently Reading. Read. Late Imperial Russia's revolution in literacy touched nearly every aspect of daily life and culture, from social mobility and national identity to the sensibilities and projects of the country's greatest writers. He shows how crude popular tales and serials of the era find their echoes in the literary themes of Dostoevsky, Tolstoy, and other great Russian writers, as well as in the current renaissance of Russian detective stories and thrillers. ...more.
